	Course	Objective	Price
1	"Counterpart College Upgraded" tutorial class	Similar to the general college entrance examination, students are admitted to colleges and universities through review, and the treatment is the same as that of ordinary high school undergraduates. All enrollment colleges and universities are treated the same as ordinary high school undergraduates in terms of teacher arrangement, curriculum design, student scholarships and diplomas, degree awarding and postgraduate entrance examination.	RMB 800 / class
2	Intensive class of CET-4	In order to improve college students' Comprehensive English strength, they obtained CET-4 certificate	RMB 600 / class
3	Intensive class of CET-6	In order to improve college students' Comprehensive English strength, they obtained CET-6 certificate	RMB 500 / class
4	Intensive training camp for "upgrading ordinary colleges and universities"	Through systematic learning, we can improve the ability of upgrading from junior college to undergraduate college	RMB 900 / class
5	Art and culture class	Some students whose cultural courses are not ideal can obtain a higher degree by learning art knowledge and taking the art examination	RMB 500 / class
6	GRE intensive class	Complete GRE. GRE is the entrance examination for graduate students. It is not only language ability, but also logical thinking and academic ability. I don't know how many people fall in love with GRE math problems every year. Among them, the vocabulary of GRE requires about 20000. Its certificate is valid for five years. "	RMB 800 / class
